

TURN **TEAL.** Move to Bank Better.

Business Banking

We are committed to making your move to First Security quick and simple. Just follow the steps below, and you're ready to realize all the benefits of Banking Better!

1

Open a First Security Business Checking account.

See a Customer Service Representative at one of our convenient locations. They will help determine what account(s) fits you best.

To make the process even faster, bring the following when you come to open your First Security Business Checking account:

1. Business Profile Worksheet
2. Articles of Incorporation or Articles of Organization (if applicable)
3. Operating agreement for LLC entities (if applicable)
4. Copy of driver's license or valid primary identification for each signer of the account

In order to determine the best account type for your business, it would be helpful for you to bring your previous bank statements.

2

Identify your banking needs.

Evaluate the accounts and services that you currently use or are interested in and allow us to develop a financial solution to fit your specific needs.

3

Transfer any Automatic Payments and Debits to First Security.

Use the [Automatic Payment Request](#) to assist you in quickly making the move. Some automatic payments may include merchant services transactions, monthly bill payments and monthly loan payments.

4

Change your account for your payroll processing.

If you currently use an outside source to process your payroll, use the [Payroll Processing Request](#) to notify the company to begin processing your payroll from your new First Security account.

5

Close your previous checking account.

Use the [Account Closing Request](#) to close your previous checking account. Before sending the request:

1. Check with your previous bank to make sure no additional forms or information are required.
 2. Inquire about any possible penalties with respect to early withdrawal before you close your account. If you have Certificates of Deposit (CDs), it is important to check the maturity dates.
 3. Be sure that all automatic transactions have been switched to your First Security account before closing your old account.
- After you've sent the request, check account statements to verify that all accounts have a zero balance and have been closed.

Visit any of our convenient locations or visit us online at www.fsbank.com for more information.
